Many Men Are Volunteering

Selective Service Starts Check on Men Who Were Given Deferments at First

Randall county has been called upon to send ten men to the army under Selective Service next Monday. So many men have volunteered during the past two weeks that the local board does not have this number of men ready for induction.

Among Randall county men who have recently joined various branches of the service are the following:

Oscar Borden Price, air corps.
Clark Irvin Toombs, air corps.
Connally Powell Lockhart, navy.
James Ray Cole, navy.
Charles Henry Stephenson, army.
Robert Bruce Cleland, navy.
Lenton Robertson Mahle, coast guard.
Charles Eugene Brandon, coast guard.
Dean Borton Lowes, navy.
George Henry Lange, air corps.
Alvin McCune Smith, army.
Ralph Seymour Rusk, navy.
William Thomas Lofland, air corps.
Charles William Barnard, Jr., navy.

Vertner Wray Jones, navy.
Borden Ferman March, army.
Lathan Cleo Jackson, navy.
Granville Darrell Wesley, navy.
James Robert Jackson, air corps.
James Curtis Shepherd, air corps.
Walker Reins Campbell, air corps.
Andrew Anthony Hamel, air corps.
John Matt Klucvsek, air corps.
The local board called a large number of men before it last Friday for explanation of their dependency claims. All men on the rolls who do not have children will be called before the board during the next week regarding their claim for dependents.

A new group of men, 20 years to 44 years of age, will register on February 16, and soon after this date questionnaires will be mailed to all of these men.

The local board has received one advance registration from a prominent 38-year-old attorney living in the north part of the county, who asks to be inducted into the army immediately under Selective Service.

Car Stamps May Be Secured During This Month

The local postoffice sold 1225 car stamps up to Saturday night. No report has been received on stamps which were sold to Randall county car owners and truck owners at Umbarger, Happy and in Amarillo. However, the number sold in Canyon constitutes only about half of the cars and trucks in the county.

It is believed that many owners have not bought stamps, and the same may be purchased any time during February. The price will be \$2.00 during this month. No provision has been made for the sale of stamps after this month.

According to reports, the theft of car stamps has been general over the state. Car owners are advised to write their names across the face of the stamps, and then to fasten the stamps on their windshields with Scotch tape.

J. D. May Charged With Assault

James Douglas May is in jail charged with assault on a small girl at the Alice Landergin School in the north part of the county.

May was recently rejected under Selective Service in the army when sent to the army physical examining board at Lubbock. His case is the fourth criminal case which has occurred in the north part of the county during the past week.

Aliens Must Register Feb. 9 to 28

German, Italian and Japanese aliens who live in Randall county must register at the Canyon postoffice between the date of Feb. 9-28.

There may be a few German aliens in the county, but it is certain that there are none of the other two nationalities.

Miss Margaret Stewart spent Sunday in Abertnathy visiting Mrs. Joe W. Gill, the former Miss Dorothy Lea Jones, who left Monday for Brownwood to join her husband.

Defense Plans Are About Ready

Officers Will Meet Friday in Amarillo to Plan for All-Panhandle Organization

Announcement of air warden and other defense committees are expected within a few days, states Sheriff M. E. Cantrell.

A meeting will be held in Amarillo Friday morning for the purpose of organizing the Panhandle into a large defense unit. This meeting will be attended by Mr. Cantrell, Mayor C. H. Jarrett, Judge A. H. Hunt, and several other local citizens will attend this meeting.

Complete organization of local citizens is being urged for the purpose of saving life and property in case of an air raid by some enemy planes.

Crop Loans To Be Made Again to the Farmers

Loans for the production of 1942 crops are now available to farmers in Randall County and applications for these loans are now being received at Canyon, according to Harold D. Himmel, Field Supervisor for the Emergency Crop Loan Section of the Farm Credit Administration. He will be in Canyon each Monday afternoon.

Loans are being made available somewhat earlier this season to meet the emergency caused by short crops in certain areas and to permit early preparation of the land.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain loans from other sources. Money loaned will be limited to the applicant's necessary cash needs in preparing the land, planting and cultivating his 1942 crops. Borrowers are required to give as security a first lien on the crops financed.

Commonly known as "seed loans" these loans have been made in this county for the past ten years.

Assault Charges Filed Against Man by Sheriff

Randall county has a criminal assault case for trial in the April term of district court. L. E. Edwards of Amarillo was arrested early Sunday morning at his home 3009 Tyler and lodged in jail charged with assaulting a 14-year-old girl twice Saturday night.

According to the girl, she was running away from home when Edwards picked her up, telling her he was headed for Arizona. He first attacked her southwest of Amarillo in this county and then took her to his room where another assault was made. The girl escaped and called the police.

Edwards is being held in jail, no bond having been set.

Two Men Held on Charge Burglary

Edward Way and Boyd Freeman, farm hands, are in jail charged with burglary at the Walter Dammer farm in the north part of the county.

The pair had been working on the farm, and returned to the home at night taking coats and other clothing.

Bond was set at \$1,000 and the men are being held in jail.

GO TO AIR CORPS

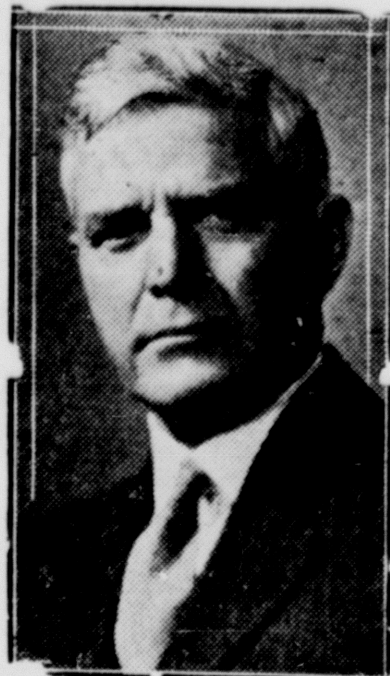

Sgt. Reg E. Prichard, Sgt. John V. Langford, and Pvt. Franklin Ormsby of Company F, 142nd Infantry, Camp Bowie, have been transferred to the air corps to be appointed flying cadets. The men lived here before being inducted into service with the National Guard last year.

Huge Neon Sign Completed

WEST TEXAS STATE

Standing out majestically in the Canyon skyline now is the huge neon sign sponsored by the summer graduating class of 1941. It glows from dusk to dawn, being operated by clockwork at a cost of about 30 cents a night. The sign cost about \$500, with N.Y.A. and department of industrial arts workmen doing much of the construction. It is 70 feet long and 40 feet high. The grounds about it will be landscaped.

H. S. Bishop for District Judge

JUDGE HENRY S. BISHOP

Judge Henry S. Bishop of Amarillo, has authorized The News to announce his candidacy for the office of District Judge of the 47th Judicial District. Judge Bishop announces subject to the action of the Democratic primary to be held July 25, 1942. This district comprises Armstrong, Potter and Randall Counties.

Judge Bishop is widely known in law and political circles. He was elected district attorney of this district in 1902 and served 14 years. Then he was elected district judge in 1918 and served until 1934. In 1938 he was again a candidate for district judge and was defeated by a small margin of two votes in a total of about 11,000 votes cast in the three-county district.

"I am going out after these two votes this time," Judge Bishop said. "And also many more votes. I expect to make a thorough campaign and will appreciate greatly all that may be done in support of my candidacy."

Judge Bishop moved to the Panhandle with his parents in 1893. He has lived in Amarillo since 1902. Before his graduation by the University of Texas Law School and his admission to the bar the judge was a farmer, country school teacher and a contract worker.

The district he served as the state's prosecutor then embraced 16 counties and was one of the biggest judicial districts in the state. Because of the rapid development of the Panhandle after the first World War, and especially after the discovery of oil and gas, the judge's court was one of the busiest in all of Texas. At that time, the district had only one district court for criminal and civil business.

"I submit that experience and test in hard work in these offices in this Court, and my ten years general practice of law well qualifies me for this office," said Judge Bishop, "and I hope to have the active support of my friends from now to the end of the campaign."

Highjackers Landed in Dumas Jail

David S. Stogner and J. C. Pruitt are being held in jail in Dumas charged with two highjacking jobs, one in Randall county.

The pair held up the Town Tavern in the north part of the county last Tuesday night, taking \$21 from Mr. and Mrs. L. H. Wright.

They made their get-away and went to Dumas where they held up a man and stole his car Thursday night. They were arrested in Plainview and returned to Dumas for trial.

The pair will be returned to Randall county for the April term of district court.

Cowboys Coming Here on Friday

Naismith Memorial Fund to Get Net Proceeds—Youth of 52 Nations Know Game

The Tall Texans who charmed New York and Philadelphia will go into action before the home folks next Friday evening when, in a change of schedule, the Hardin-Simmons Cowboys play here.

The Cowhands asked for the change to permit them to play both the Buffs and Texas Tech on their road trip.

Net proceeds of the game will go to the Naismith Memorial Fund being raised to erect a Temple of Basketball in honor of the game's founder. Dr. James Naismith invented the game when he was a young instructor at Springfield (Mass.) College in 1891.

The memorial will be a museum and hall of fame. There will be kept the records of past, present, and future cage games. There will be told, for instance, the story of "The Tallest Basketball Team in the World."

The 50-year-old game is now played by the youth of 52 nations. And the youth of these nations are, where conditions permit, holding benefit games to build the Naismith memorial museum.

The Hardin-Simmons Cowboys are gaining strength as the season rolls on although they are not rated as contenders for the Border Conference championship. Theirs is a nothing-to-lose ambition to topple the circuit leaders if they can. And football rivalry between the two schools always colors the cage contests.

Large Number at Birthday Fete of U. S. President

One of the most successful parties ever held in Canyon for benefit of the President's Infantile Paralysis fund was held here last Friday evening with 118 attending the games party held in the reception room at Cousins Hall.

In addition to the games party, Juniors of the town held a dance at the Legion Hall where donations in the amount of \$5.77 were received. Hostesses at the dance were Mrs. Guy Harp, Mrs. Ralph Harter, Mrs. N. T. Dickerson, Mrs. T. M. Moore, Mrs. J. W. Kleinschmidt and Mrs. T. H. Knighton.

Total receipts from ticket sales and the donations received at the dance amounted to \$126.37, less tax on those attending the games party, and expenses of \$6.85.

Members of the committee who worked on the ticket sales and acted as hostesses at the party were Miss Irene Angel, Mrs. W. Holmes Smith, Mrs. W. Mitchell Jones, Mrs. Clay Cooper and Mrs. A. H. Prichard.

Much credit for the success of the party goes to L. E. Van Meter who acted as "barker" and prize distributor, as well as maid and butler during the course of the evening. Guests bought refreshments of coffee or tea with cookies. Various prizes were given which added much to the fun of the occasion.

Those who bought tickets in addition to those previously listed were Messrs. and Mesdames Delbert Lowes, Herschel Jennings, R. P. Jarrett, Wm. C. Cox, Robert P. Jarrett, Jr., D. A. Nicholas, Newton Crain, T. M. Moore, Rhea Robbins, J. L. Duflot, S. H. Condron, and J. D. Barker.

Mesdames Anne Wofford, Agnes Smith, Travis Shaw, Geraldine Green, Elzie Price, G. A. Farlow, W. M. Amason, Grayson Bell, Charlie Harter.

Misses Martha Sutton, Helen Hickman, Fannie Malone, Tennessee Malone, Nell Green, Ima Barlow, Novella Goodman, Mattie Swayne, Helen White Moore, Pauline Brigham, Jean Moore and Elizabeth Cox.

Rev. C. C. Armstrong, Rev. A. M. Dorsett, Judge A. H. Hunt, B. F. Machen, Roy H. Wright, C. L. Sone, R. E. Harter, S. B. Orton, R. O. Allison, Tom Langston and Virgil Henson.

Drop About 200 Due to the War

Property Tax Payments Run About Same as Last Year According to Collectors

Poll taxes are down considerably this year in Randall county over the payments of two years ago. The total payments of the county reached 2025 as compared with 2252 in 1940. There are about 200 voters over age in the county.

Tax paying time ended Saturday night. This was one of the most successful collection years the county has had for a long time. However, collections were greatly helped by the law which remitted delinquent taxes last fall.

As an example of delinquent collections, S. B. Orton reports that the Canyon Independent School District collected a total of \$32,000 this year, with a total roll of \$29,500. However the amount of delinquency on the 1941 rolls is about the same as usual.

The county rolls were paid up in about the same per cent as usual, stated Collector M. E. Cantrell. Many delinquent taxes were collected last fall.

Victory Books for Soldiers Being Gathered Here

Local campaign for books for the soldiers, sailors, and marines got underway this week with Mrs. S. D. Burton as chairman of the Randall County drive.

Sponsored by the American Library Association, American Red Cross, and United Service Organizations, the campaign is to collect books as a supplement to the library services maintained by the Army and Navy.

A locked box will soon be placed in the court house just outside the library entrance for the convenience of those wishing to donate books in good condition. Until the box is built, donors may leave books with Mrs. Burton at the library. Those who give books may wish to write a note on the fly leaf, telling who donated them. Mrs. Burton is contacting clubs and church organizations this week in an effort to get the campaign underway immediately.

Good fiction, western books included, and non-fiction such as poetry, classics, travel, and technical books are in demand. Arrangements will be made for some books that are "worth repairing" to be repaired.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

This thing of trying to kid yourself—daylight saving—goes into effect next Monday morning. You will run your clock ahead one hour before going to bed Sunday night, and then if you wish to organize yourself by the clock instead of the sun, you will get up an hour earlier than usual Monday morning so as to burn electricity in the morning, with the hope that you will save some electricity at night. This may work out in other sections, but the Panhandle is caught in the middle of a bad fix. If we do not observe the new law, then other folks may think we are not patriotic. But if we do observe the law, the business and social wheels will be thrown out of kilter and we will be getting up long before daylight, and probably when we reach our business places we will stand around for an hour waiting for it to get light enough to go to work. Most country folks prefer to work by the sun rather than be fooled by tinkering with the clock. Of course our geography is to our disadvantage. We are on the western fringe of the Central Time zone, right next to Mountain Time, and therefore our timing is off balance. When summer comes, everyone will be glad to plug along with Congress and run according to the clock—or will we?

For the first time in its history West Texas State has attained the national spotlight. A group of super athletes has forced the eyes of the entire sporting nation on Canyon, the nation's basketball capital. You may not see the need of an athletic program in college and you may think that it is a lot of foolishness, but please consider the fact that this little college would probably never have attained such a national reputation, excepting through the hard work of Coach Al Baggett and the Tallest Basket-

ball Team in the World. More power to the Buffaloes throughout the coming years! The Buffs played before more than 40,000 people in three games in the East. It is very unlikely that any other group of a dozen students in West Texas State could be the center of attraction of so many people over a period of a dozen years. Hearty congratulations are due to the Buffs, and the best wishes of thousands of West Texas exes goes with them as they continue in their campaign to win the Border Conference championship.

According to Old Tack, the Panhandle, especially Amarillo, is being punished by Washington for failing to re-elect Marvin Jones as Congressman. That is a pretty poor excuse. Washington knows as well as do the people of the Panhandle that Marvin Jones was angling for a Federal Judgeship and was handed the appointment by the President long before his term in Congress expired. His announcement of acceptance could have been forestalled by the President. Had Marvin Jones wished to remain in Congress he would have had no serious opposition two years ago, and none of the dozen candidates would have been running for his place had not this tempting federal job been dangled under his nose by the President. We wonder if this story of punishment being dished out at this time is not for the purpose of covering up the mistakes which have been made by the boosters of our big sister city of Amarillo?

Down Austin way where politics never sleeps, indications point to the quietest political campaign in the history of the state. The "ins" have it on their opponents in this campaign. The people are more interested in winning the war than they are in electing someone to office. Some of the "ins" are going too far. Fully a score of candidates who are already in the armed forces are asking for re-election. In some of the announcements we have read it sounds pretty much like the candidate was trying to ride into office on his patriotism. As a general principle, if a public office is worth anything to the people, the one who is elected to the job should be in the office to look after it. This is not a slap at any man who seeks to serve his country as a soldier, but a general statement that fighting a war is pretty much a full time job, and holding a public office to the satisfaction of the public is likewise a full time job.

Sugar hoarding is the order of the day wherever sugar can be found. Someone bungled the sugar deal in a big way. When the government got ready to crack down on the sale of tires and automobiles, no advance warning was given. The order was issued and made effective throughout the nation. But advance warning was given about the sugar deal. The result is that a grand rush was made on the sugar supply, and when rationing starts thousands of folks will have a head start on others in this race to secure sugar.

years which are to come. Woodrow Wilson tried to sell the world a plan for ending wars—but Wilson failed, and as General Pershing predicted in 1918, the Germans started another war. After this war, Americans will certainly not falter in taking our place as a world power. We must see to it that war shall be outlawed. No one would be so silly as to abolish the police force in any town, city or county in the United States. Yet after 1918 every nation went its way without regard to the future and allowed the mad-dog nations to arm for another war. It is a good thing that our statesmen are looking to the future as they fight the battles of the present.

Without doubt Hitler is repairing his war machine to make an offensive drive against Russia and England in the spring. Regardless of the Russian drive this winter, before you get too optimistic and proclaim the certain defeat of Hitler this year, please look at the map and see what a small portion of the conquered territory the Russians have been able to recapture. This is not pessimism in any sense of the word, because no one wants to see Hitler whipped quicker than we do—but we are trying to look at the war from a realistic standpoint. We note this week that some of the military experts who have predicted the end of the war next winter have now postponed the possible ending until 1943.

The Japs now know that Uncle Sam has a fleet which can hit hard and suddenly. The tragedy of Pearl Harbor was evenged Sunday, just two months after the squabbling general and admiral were caught napping. The extent of the navy's success may be a military secret for some time. There is no use bragging about your success while you still have a major job to do. Coordination of all armed forces is being carried out—and results are being secured.

We would like to transplant those striking welders on navy contracts from Seattle to General MacArthur's forces in the Philippines. Wonder if they would then realize that a war is on and war means that every citizen shall do his dead level best to defend his country.

Church Wedding Unites Miss Foster And Franklin Weir Monday Evening

Before an altar banked with palms, floor baskets holding bouquets of white stock, and four, seven pronged cathedral candelabra with white candles, Miss Ruby Foster and the Reverend Samuel Franklin Weir were united in marriage Monday evening at eight o'clock in the First Methodist Church, Canyon.

The Reverend E. B. Bowen, pastor of the First Methodist Church of Pampa officiated at the beautiful double-ring service.

Mrs. Lee Foster, at the console of the organ, played "Clair De Lune" by Debussy as pre-nuptial music. As the strains of the Wedding March from "Lohengrin" opened, Rev. Bowen took his place at the altar followed by the bridegroom and the best man, the Rev. Newton Starnes of Pampa. Ushers, Jack Andrews and John Ketter, both of Pampa, and bridesmaids, Miss LaNelle Scheihagen of Pampa and Miss Mary Ella Davis of Amarillo, then took their places at the altar.

The maid of honor, Miss Robbie Foster, sister of the bride, entered alone, followed by the bride on the arm of her father, R. E. Foster. The Wedding March faded off into MacDowell's "To a Wild Rose" which was played softly during the entire service. Mendelssohn's Wedding March was played as the recessional.

The bride was beautifully dressed in a gown of off-white satin made on princess lines with fullness of the extremely wide skirt centering at the back. The sweetheart neckline was accented by the tightly shirred bodice and the long, tight fitting puff sleeves were finished with a pointed cuff. The fingertip veil was of bride's netting. She carried a shower bouquet of white bride's roses.

Pink and Blue Color Scheme

Miss Robbie Foster, maid of honor, wore a dress patterned on the same lines as that of the bride except for short sleeves. It was of

pale pink satin and her arm bouquet was of blue delphiniums. The two bridesmaids were dressed in pale blue satin fashioned like that of the maid of honor, and they carried bouquets of pink sweet peas.

The large number of invited guests in attendance were received in the foyer of the Church by the bride party following the ceremony. A reception was held for members of the bridal party, out of town guests, and relatives at the home of the bride's parents, Mr. and Mrs. R. E. Foster on Sixth Avenue.

The bride's sister, Mrs. Jim Hill of Wichita Falls, presided at the punch bowl which was surrounded with blue delphiniums and pink sweet peas, and Miss Robbie Foster served the large tiered wedding cake which was decorated in the bride's colors of pink, blue and white. A miniature bridal pair topped the confection.

Out of town guests who registered were Mrs. J. H. Holston and Jimmie Holston of Amarillo; Sgt. and Mrs. N. L. Foster and Mrs. Jim Hill all of Wichita Falls; Rev. and Mrs. E. B. Bowen, W. W. Harrah, Miss LaNelle Scheihagen, Newton Starnes, Jack Andrews, and John Ketter all of Pampa; Miss Ruth Hall of Plainview, Miss Mary Ella Davis, Amarillo; Glenn Allison of Hereford; Mr. and Mrs. A. J. Johnson and daughter of Tell, and Mrs. Mattie E. Avary, grandmother of the bridegroom and M. L. Weir, a brother, both of Childress.

Go To San Antonio

The couple left for a wedding trip to San Antonio. The bride's going away costume was a two-piece wheat colored gaberdine suit with green blouse and accessories. Her pumps were of winter white trimmed in British tan. A red fox scarf completed the ensemble.

Mrs. Weir is the youngest daughter of Mr. and Mrs. R. E. Foster of Canyon. She is a graduate of the Canyon High School where, during her senior year, she was editor of The Eagle's Tale, high school paper. She was graduated from West Texas State where she majored in Business Administration and she has done graduate work at the University of Texas. During the past two years she taught commercial work in the Pampa High School.

Rev. Weir is a son of the late Mrs. Alice Groseclose of Childress. He is a graduate of McMurry College and he received his B. D. degree from Southern Methodist University, Dallas. Mrs. T. C. Thompson, grandmother of the honoree, poured punch at the lace-covered table, which was centered by a beautiful arrangement of California lilies and stock with white candles on either side. Can West Texas State House 500 Aviation Cadets -- Somehow?

"Yes," Says President Hill After Checking Buildings On Campus, in Community

From the office of the chief of the U. S. Air Corps came a rather startling question last week:

"Could West Texas State undertake to house, and probably feed, 500 air cadets?"

With Cousins and Randall halls nearly full and Stafford lacking only a few men, the answer seemed a negative one until the request was studied at length. The government, in its exploratory survey of educational institutions, asked that 60 square feet of floor space be available for each cadet. The housing is needed "for the duration." Fifteen acres of land for a drill ground also was asked. Nothing was said about airport facilities.

After meeting with college authorities and leading citizens, Dr. Hill was able to find 30,000 square feet of housing in the community which would be available, including vacant buildings, large houses, the space under Buffalo Stadium, and other structures. Completion of the annex to Randall Hall next fall likely would make some boarding places available.

There are only 395 students housed on the campus at this time.

But in doing its utmost to help out in the emergency, West Texas State could assume the emergency obligation, President Hill informed the government. Additional details were furnished Texas congressmen Sunday by Athletic Director Al Baggett while he was in Washington, D. C. Perryton citizens, seeking to house a similar group in a CCC camp and other locations, also were in Washington.

What the Air Corps will do with the survey is not known. Regular college activities would not be affected, and the cadets would do no class work.

True happiness is to no spot confined.

If you preserve a firm and constant mind,

'Tis here, 'tis everywhere.

A husbandman who had a quarrelsome family, after having tried in vain to reconcile them by words, thought he might more readily prevail by an example. So he called his sons and bade them lay a bundle of sticks before him. Then having tied them up into a fagot, he told the lads, one after another, to take it up and break it. They all tried, but tried in vain. Then, untying the fagot, he gave them the sticks to break one by one. This they did with the greatest of ease. Then said the father: "Thus, my sons, as long as you remain united, you are a match for all your enemies; but differ and separate, and you are undone."—Aesop.

Safety Tests Made by Students

Saving lives at home is one goal of a defense course in safety. Students in the picture above are using a device they built to test depth perception of the eyes. Merle Montague is attempting to even up pegs in a box, using two lines, while Helen Holloman and Roberta Addington check results. Most students tested have good eyes but poor knowledge of traffic regulations.

Thirteen New Congressmen Study New Constitution

Thirteen Canyon High School members of the Student Faculty Congress with their sponsor, Principal J. F. Dickson, have taken over the duties given them by the constitution written several weeks ago. These students were selected from the six classes and were chosen because of their leadership, loyalty, scholarship, citizenship, self-sacrifices, self-confidence, congeniality and sense of humor.

"I think the classes have selected very capable delegates, and we shall try to accomplish much together," affirmed Gordon Lynn Dickerson, president.

They are from left to right: standing, Charles Farley, seventh grade; Fawn Rogers, eighth grade;

Evelyn Black, freshman; Merle Dickerson, sophomore; Mr. Dickson; Carolyn Black, junior; Oscar Schuette, senior; Betty Ann Miller, seventh grade; and Sandy Oliver, freshman.

Seated: Mildred Gill, senior; Gordon Lynn, president, senior; Dick Woods, vice-president, junior; Georgia Faye Holt, secretary, sophomore; and John James Harter, junior.

Mumps and Measles Hinder Pupils Preparing for Valentine Holiday

When Mrs. Roscoe Davis counted her second grade students, Friday, January 30, she found that eleven of the twenty-eight who started in September were present. Almost all of the absentees have the measles; a few of them have the mumps.

Apparently Mrs. Davis isn't the only one who has been affected by this disease, for every room in the grade school is lacking in pupils.

Ted Briggs, a first grader of Mrs. T. W. Collins, has withdrawn because of sickness.

In order to prepare for Valentine's Day, Mrs. Collins' room is studying a unit on the postoffice.

Mrs. L. M. Cousins' room has a patriotic club called H. U. S. H. Club. (Helping Uncle Sam Hustle). The club met Friday, January 30. After a patriotic program refreshments of popcorn and punch were served.

While they knit for the Red Cross, the children in Mrs. James Jennings' fourth grade listen to a radio which she secured for them.

Eula Faye Riley withdrew from Mrs. Jennings' room to attend school in Amarillo.

Nearly all of the grade school children are doing Red Cross work such as weaving, knitting, fixing cross word puzzles, binding magazine novels and making scrap books.

What is personality and why is it so important? Every day one meets people and judges them by their appearance, conversation and actions.

Often it is said, "She's sweet, but the way she wears that hat just kills me!" or "She's catty, but oh, the way she wears those clothes; so dignified!"

There is definite proof that one's appearance is an important factor every day. The next factor in one's personality is conversation. One who always has something kind and entertaining to say will inevitably get farther in the world. Although it is a most difficult thing to do, a person always should think before speaking, for often one dislikes his personality as much as anyone else.

The most important portion of one's being is his inner-self, that which is sometimes segregated as character. This is the real deciding element in people's respect or disrespect toward individuals.

One's future depends on personality in business, marriage and daily life. Its importance is immeasurable.

Many literary documents need only one page to accomplish their purpose. Although excerpts from books are separately employed, there is no necessity to remove individual pages from school books.

Eagle's Score While Dreamers Dream

Strictly Fictitious

The Canyon High Eagles, by a hard fought battle, overpowered the Oklahoma Dreamers by a mere score of 101 to 15. (Wow! I do mean fictitious!)

Martha Hannah Hammond, (center of attention) hammed the on-lookers by miraculously balancing (the ball) into the basket from long distances. By the way, Billy Gano has a marvelous vocal volume.

Even with this, Juanita Anderson appeared (and HOW) from anywhere and ran off with the big shots. (Charles—you'd better watch her). Peggy Bishir was her close rival for supremacy (in basketball of course).

Ellen Sanders was high fowler as she was in the last four games. She has developed a systematic technique for detaching bobby pins, thus blinding the players. (She collects for Jane Campbell).

The Eagles' best defensive player proved to be Martha Oliver, whose pompadour kept the ball rolling down her nose instead of into the basket.

Tommy Ford really stole the show with remarkable talent. (You should have seen that wonderful press job on her suit—I mean she really stole the show).

"The girls are improving their tactics (ahem)," explained Frances Alice Harp, manager of all important affairs.

Chiefs Overpower Hoopsters 62-22

Battling the Friona Chiefs in the arena of the Canyon Grade School, the Eagle quintet was defeated by a final score of 62-22.

Under the coaching of Eddie Williams, the Friona "A" string played John Weiss, Webster Johnson, Ray Hurst, Bud Coffman, Dale Freider, Vialo Weiss and Wayne Stark. John Weiss was high point man.

With three main stringers—Calvin Sanders, James Wright and Jack Farley—unable to play, the Eagle string was weakened. Wayne Wirt, center, was high point man with 12 points, while Al Hunter, forward, ran him a close second with 10 points. Frank Sharman, James Harp, Clarence Thompson and C. L. Roberts were the other hoopsters, playing under the tutelage of Coach Wesley Cox.

Eagle hoopsters on the "B" string were also defeated by a score of 41-6. Charles Owens, Bryce Payne, Bill Drummond, George Black and Jay Ray Hunter played on the second string.

Joe Ed Forbus refereed both games.

Teacher: Say in a more elegant way: "The sap is rising."
Freshman: The boob gets out of bed.

Teacher: Jackie, why were you late for school this morning?
Jackie: I think I must have overwashed myself.

law of gravity. Else, why should so many books accidentally fall on the floor with five inoffensive fingers closely following.

For all who didn't hear Walter Winchell Sunday night, let Cal pass on what he said: "General MacArthur is reminding the Japs that a sun hasn't a chance to rise as long as 48 stars can be seen." Congratulations, W. W!

Not snooping around or anything, but LeRoy Moreland and Grace Robinson, Martha Lee Foster and Lindsey Taylor, and Johnny Harter and Pauline Winstead were seen ENJOYING the President's Birthday Celebration at the Legion Hall, Friday night.

In case you've been wondering why Peggy Bishir is always so delighted when the second period study hall rolls around, she happens to be the only girl in that study hall now. Where, oh where is Al Hunter the second period? Could he be in there?

In answer to E. W. Woods' gift of blue orchids to certain boys last year, Cal wishes to present orchids to the following girls for putting up with their dear friends so well: Ermin Winstead, Dorothy Anderson, Shirley Harrell, Martha Lee Foster, Sarah Slack and their friends Speedy Wright, Joe Byrd, Frank Sharman, Vaughn Vandergriff and Clarence Thompson.

Since senior play tryouts were held this week, the cast must remember that they are SUPPOSED to be dignified seniors, and that such things as Foster's fightin' Cabe, Hunter's fussin' with Anderson, Dickerson's bringin' up a picnic lunch on a rainy day, and the complete cast's spilling lye all over their clothes will not be expected.

Wilma Jean Dickerson escorted Jim Westfall, new student from Happy, all over the building Monday morning. Tough luck, girls, but just remember he's a junior, Wilma Jean.

I wonder why some of the boys enrolled in the Boys' Manual Arts Class this semester. After all, the room is down in the girl's locker room, and the class is being held the first period in the morning. (P. S. You're supposed to go to the room your first class is in when you arrive in the morning.) Hum-m-m-m-m-m. Oh, well, I suppose we can trust them. (??)

Fern Zimmer, Bobbye LaFon and Sarah Slack had their pictures taken this week on the steps of the school. But I don't think it was just because of their beauty . . . they just wanted a picture of the school.

Seniors Conduct Vocational Unit

Seniors Hear Speeches From Business People

Planning "My Future Vocation," students of the Senior High English class have participated in a vocational unit from January 19 until February 6.

Directed by Mrs. Carl T. York and Principal J. F. Dickson, the students read material on various vocations in order that they might make a more intelligent selection of vocation.

Speeches Conclude Unit

After a week of intensive reading, the students entered into the second phase of the unit which concluded with addresses by business speakers.

From ten to eleven o'clock, Monday, January 26, T. A. Black spoke on all aspects of operating a dry goods store. Mr. Black advised, "Make yourself good in whatever you do. When one is really good, jobs will hunt him—he will not have to hunt jobs."

Buyer Gives Talk

Tuesday, Mrs. W. A. Warren spoke on "Buying and Selling," and she told the students, "Develop the ability to stand on your own feet; make up your own mind."

Mrs. Warren discussed the qualifications of a good buyer and seller, different ways a buyer may make purchases and types of buyers. She summarized her talk with the following points: Have the power of decision, buy from a stock sheet and balance your prices and styles. Several students expressed the desire, after hearing Mrs. Warren, to study for the career of a buyer.

Banker Gives Invitation

Levi Cole gave a detailed explanation of a day's routine in the average bank. Mr. Cole extended an invitation to the Senior Class to visit the bank, and such an excursion is being planned by Mrs. York. Charles Donnell clarified many erroneous ideas concerning the motion picture business. The second week's work was climaxed by each student's applying for a position at some local business firm.

Themes Conclude Unit

Oral compositions, term themes, lectures on "How to Improve One's Self" and group criticisms will end an enlightening unit of study.

Students Participate

Students participating in this unit were Dorothy Anderson, Lawrence Boehning, Dan Cabe, Avis Campbell, Gordon Dickerson, Jo Carol Dutton, Billy Gano, Mildred Gill, Beulah Hammond, James Harp, Gene Hollabaugh, Al Hunter, Lottie Jo Johnson, Bobbye LaFon, Annabelle Laughery, Bernice Lowrie, Marjorie Lyons, Betty Jo Moore, Lee Roy Moreland, Ray Nickelson, Martha Oliver, Vada Mae Parrish, Fannie Mae Prichard, Oscar Schuette, Sarah Slack, Margaret Lou Tate, Clarence Thompson, LeRoy Wooten, Fern Zimmer and Jess Armstrong.

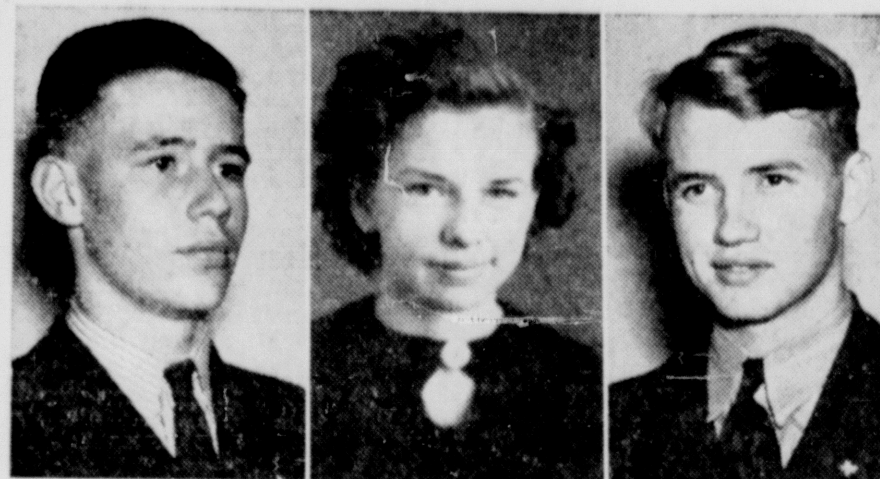

American History Class Sees Educational Movie Picture

"Let's Go America" and "Let's Go America, Men and Machines" were the films shown to the American history class last Monday in the high school auditorium.

The class has been shown two pictures this year and expects to have two more pictures shown to them.

Officers Lead Press Meeting

Chosen by the 300 delegates attending the annual convention of the Panhandle High School Press Association last year, these high school journalists will officiate at the 1942 session of the writers.

They are, left to right, President Mickey Rafferty of Pampa, Vice-President Jacquelyn Simmons of White Deer and Secretary Sam Johnson of West Texas High School, Canyon.

Rafferty Directs Press Meeting

Association Will Sponsor Six Individual Contests

To increase their journalistic knowledge, approximately two hundred high school writers will tour to West Texas State College for the Annual Panhandle High School Press Association, February 7.

A 50 cent registration fee will admit the students to all the highlights of the meeting, which includes a general session at 10 o'clock. President Mickey Rafferty of Pampa will preside at this meeting while Professor Joseph B. Cowan, Texas Technological College, will present the main address of the first session in the morning, on "Purposes and Objectives of High School Journalism."

King Will Address Delegates

At 11 o'clock the association officers will be introduced. They are Mickey Rafferty, Pampa, president; Jacquelyn Simmons, vice-president; White Deer; and Sam Johnson, secretary-treasurer, Canyon. Addressing the journalists will be Frank King, Chief of Bureau, Associated Press, Dallas, who will speak on "Covering a War."

Supervising the banquets at noon this year, Mrs. Carl T. York and the Canyon High staff will entertain the delegates at the Methodist Church and the College Cafeteria. The menu to be served is:

Tomato juice cocktail
Meatballs—sauce
Green beans
Mashed potatoes
Pickles
Hot rolls—butter
Cherry pie—cream
Coffee

Trips Will Be Sponsored

Guided trips will be sponsored through the Panhandle-Plains Historical Museum and over the college campus while the members are adjourned for lunch.

At the third session at 1:30 o'clock, Jacquelyn Simmons will preside as Waymond Ramsey, manager of KFPA in Amarillo and well known sportscaster and announcer, will present "Radio Journalism."

Forum type discussions in sectional meetings will follow; and at 4:30 o'clock, a business session will be had. Here, the new officers for the next year will be introduced, and awards will be presented. Last year, Clarence Thompson won the feature story plaque. Individual contests for school members this year are the news story, editorial, feature story, sports story, sports column and general column. Scrapbook entries also will be made.

Club Will Sponsor Dance

As a courtesy of the Canyon Chamber of Commerce, a light lunch will be served in the College Cafeteria at 5:15 o'clock. An informal post-convention reception and dance sponsored by Type High, college press club will follow. "Come as you are" is the word from the press club.

"Membership dues have been coming in rapidly to Sam and to me," confirmed Olin Hinkle, general sponsor. Receipts include payments from the following schools: White Deer, Plainview, Spearman, Panhandle, Canyon, Childress, Phillips, Hereford, Tulsa, New Deal, Pampa Senior High and Lubbock.

Membership applications with \$2 initial fee payments have been received from Groom, Turkey, Shallowater, Perryton and Levelland.

Eagle Band Gives Concert Monday

Under the direction of Harold Barnett, new band director, the Canyon High School Junior and Senior Bands presented a concert Monday evening at 7:30 o'clock to the Band Parents, faculty members and friends. Invitations in the form of tickets were distributed last week, and printed programs were used for the performance.

Eight New Students Replace Withdrawals at Mid-term

Although Canyon High School has lost several students since Christmas, it has six new faces in the building each morning. Those who have withdrawn are Dorothy Prichard and Marjorie Kirkpatrick, who are married, Juanita Carlisle, Dorothy Harrison, George Green, Pauline Malloy, Edward Riley, Bob Hogge, Jimmy Campbell, Bill Heizer and Melvin Carlisle.

New students are Alfred Dietz, Louise Dietz, Buddy Foster, Faye Westfall, Jim Westfall, Joan Green, Eugene Hardman and Geraldine Franklin.

Bernice Lowrie and Bobbye LaFon graduated at mid-term and are now enrolled in West Texas State College.

Founders Day Play and Concert Is Program for Next PTA Meeting

"A founder's day play and a concert by the Eagle Band will be the outstanding features of the Parent-Teachers Association program, February 10, at 7:30 o'clock in the high school auditorium," announced Mrs. C. M. Ford, president.

The founder's day play, "The Start of the P. T. A.," is to honor the forty-sixth anniversary of the P. T. A. and is presented by several high school girls under the direction of Olin Huff, commercial teacher.

The cast of the one-act semi-comedy will be Willie Marie Babb as Mrs. Crofoot, Frankie Lou Goetsch as Mrs. Dillingham, Margaret Prichard as Mrs. Karnes, Molly Nan Ziegler as Letty Spencer, Pauline Winstead as Mrs. Mosley, Betty Harwood as Mrs. Jenkins, Tommy Lou Ford as Grandma Skinner, Georgia Faye Holt as Jane Appleton and Avis Edna Campbell as Miss Bixler.

The 20 minute concert by the Eagle Band will consist of "The Star Spangled Banner," "Any Bonds Today," "Princess of India" and "E Pluribus Unum." During the last march number, Velta Speer, Jane Campbell, Betty Brown, Gwendolyn Phillips, Sue Dickerson and Fay Dickerson will perform a baton twirling exhibition.

"I wish everyone who is interested would attend the meeting next week," said Mrs. Ford.

Cundiff Entertains PTA Study Group

Mrs. E. J. Cundiff entertained the women of the Parent-Teachers Study Club with a tea last Saturday afternoon.

The women listened to a nation wide program on "100 Per Cent for Your Dollar." After hearing the program, the women discussed their viewpoints on the ideas expressed and decided what they could do to help in the near future.

Mrs. H. E. Campbell, W. M. Dickerson, C. M. Ford, George Taylor, P. L. Walters, DuBois Walker, J. A. Wiseman, P. V. Winstead, Ray Campbell and Rose Parsley were served tea or coffee, cookies and mints by the hostess.

pictures to the class what it has studied in words," said Olin Huff, instructor.

Dickson Once a Tom Sawyer

Oh, that studious principal of Canyon High School! One would hardly believe that J. F. Dickson used to ride a bucking yearling for one-half day at a time. It seems that, along with his other accomplishments, Mr. Dickson taught this pet yearling to buck.

After coaxing the principal for quite a while, he finally told us that he spent hours, when a boy, playing "Follow the Leader," climbing trees, swinging on limbs, hunting possum and even frog-grogging.

It seems that once upon a time, while he was scampering over the limbs of an enormous tree, he caught a bad limb and took a spill of about 20 feet.

Mr. Dickson's tastes have changed so much during the years that it is hard for one to see him as the tomboy he was; it seems to us he should have been a second Abraham Lincoln, who studied and read by firelight.

In high school, Mr. Dickson played baseball and basketball and was captain of the basketball team one year. In college, his love for sports was still with him.

Principal Dickson started his teaching career in a one-teacher

school, Merrimac in Wood County, where he served as principal and teacher. Other than one year, when

he was an assistant principal, Mr. Dickson has served in the capacity of principal during the 15 years he has been teaching.

He received his Bachelor of Arts degree from East Texas State Teachers College, Commerce, Texas in 1934 and his Master of Arts degree from Hardin-Simmons, Abilene in 1940.

Mr. Dickson's hobby is reading economics or political science material; his major in college was economics; and his ambition is to be either the superintendent of a large school or to hold a high position in government work in the social science field. Therefore we gather he is interested in economics.

Mr. Dickson taught four years before he married a teacher in his school.

They must have been an exceptional couple because they were engaged for six months and still were teaching in the same school and still there was no scandal!

Mr. and Mrs. Dickson have a little five-year old girl, Sandra, who is the joy and pride of their life.

Buffaloes Return Yesterday From Great Trip Through East---Win Two

Following an impressive swing through the east, the Buffaloes returned home yesterday morning. Several hundred people met the Buffs at the depot and gave the Buffs a great welcome. A short program was held at Burton Gym at 1 o'clock yesterday morning, and in spite of the wee hours of the morning high enthusiasm prevailed. Each member of the squad and Coach Al Baggett made short talks about the trip. Baggett urged all fans to see the Buffs in action Friday night against Hardin-Simmons.

St. Joseph's Hawks were just as

tough as Long Island State. The score was tied at 26-all at half time.

The Hawks were adept at long shots such as beat the West Texans by a single field goal at Madison Square Garden.

But the Buffs were determined to win and All-American Price Brookfield was right. Result: West Texas State 59, St. Joseph's 56 at Philadelphia Saturday night. Such was the brilliant wind-up of the locals' most ambitious road trip. Against two of the most formidable clubs in the East, the Buffs scored 115 points to 114 for the opposition.

As New York Saw Them

The Buffaloes' eastern invasion resulted in a tremendous output of pictures and stories about the tall team. Above is a picture distributed widely by the Newspaper Enterprise Association. Riding a gymnasium "horse" are Frank and Bill Stockman, Price Brookfield, Jack Maddox, and Charles Halbert.

And that isn't counting the 105-41 win over New York State.

Brookfield, who could get only 9 points against Long Island's Blackbirds, doubled this score against the Hawks. The high score of the game, however, was Center Norman Butz of St. Joseph's, who made 19 points. Runty little Frank Kelleher kept the West Texans scared in the last half by scoring five especially long shots, according to Jerry Malin, Globe-News sports editor who accompanied the team. Malin had praise for Charlie Halbert, who was all over the court in an inspired game, besides scoring 11 points.

The Philadelphia game was tied many times, and while the Buffs were ten points ahead with eight minutes left to play, the Hawks had moved up dangerously in the final minutes as the Buffs disdaining a delaying game, continued their slashing offense as the answer to St. Joseph's miraculously long shots.

Most courageous of all dogs, perhaps most courageous of all animals, the English bulldog has been chosen by the British themselves to typify their national character. No other thoroughbred has so much of the do-or-die spirit, has such unbending tenacity of purpose, such unyielding determination.

SURE STARTS?

If ever you could say of any motor fuel that it is full of *unyielding, bulldog determination* to start cold, icy engines... that motor fuel is Phillips 66 Poly Gas!

It is high test, loaded with instant-firing elements, engineered to produce marvelously quick starting. Yet it costs not a penny more.

That's why it's the "hot" gas for cold weather. Try just one tankful and see if you don't *feel that difference*.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners... because Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline.

Lincoln's Words Furnish Inspiration for Freedom

This photograph, copyrighted by Bachrach, is one of the most famous pictures of Lincoln, the kind and gentle President who has achieved immortality in American history.

BY RALPH HERBERT

A TROUBLED nation in a troubled world is inspired by words spoken long ago by Abraham Lincoln.

"It is for us the living, rather, to be dedicated to the unfinished work which they who fought here have thus far so nobly advanced," said Lincoln in his Gettysburg Address. "It is rather for us to be here dedicated to the great task remaining before us, that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom; and that government of the people, by the people, and for the people shall not perish from the earth."

Lincoln's immortal words are as appropriate in reference to

Pearl Harbor as they were on the day he delivered his address. They serve as a guiding light now to those who fight anew for freedom.

WHEN men gather to write the peace that must come, surely no better example can be offered than that of Lincoln, when he said:
"With malice toward none, with charity for all, with firmness in the right as God gives us to see the right, let us strive on to finish the work we are in; to bind up the nation's wounds; to care for him who shall have borne the battle, and for his widow and his orphan—to do all which may achieve and cherish a just and lasting peace among ourselves and with all nations."

Lincoln was truly great. On Feb. 12, just 133 years since his birth, America pauses to pay tribute to a loyal son who inspired a great nation.
